

Long distance Championships: Less than expected

Written by Klaus Schgaguler

I came to Monte Livata to end the season in the best way. But I finished just outside the podium in 4th place. Not what I expected...

Even if I knew not to be in so good shape, I hoped I could do a good race. The first part was fast and without any hesitations. But already after half way I started feeling tired and I did some small mistakes. The course had a demanding butterfly in the end. It was there where I did some more mistakes that possibly costed me a place on the podium. The race was dominated by two juniors. Giancarlo Simion(20) won with two minutes on Jonas Rass(19). Daniele Pagliari came third.
